Forest Service

Request for Applications: The Community Forest and Open Space Conservation Program

AGENCY: Forest Service.

ACTION: Request for applications.

SUMMARY: The U.S. Department of Agriculture, Forest Service, State and Private Forestry, Cooperative Forestry staff, requests applications for the Community Forest and Open Space Conservation Program (Community Forest Program or CFP). This is a competitive grant program whereby local governments, qualified nonprofit organizations, and Indian tribes are eligible to apply for grants to establish community forests through fee simple acquisition of private forest land from a willing seller. The purpose of the program is to establish community forests by protecting forest land from conversion to non-forest uses and provide community benefits. Some of these benefits include sustainable forest management; clean air, water, wildlife habitat, and other environmental benefits: forest-based educational programs; service as models of effective forest stewardship; and recreational benefits secured with public access.

Private forest land that is at least five acres in size, suitable to sustain natural vegetation, and at least 75 percent forested is considered eligible lands for grants funded under this program. The lands must also be threatened by conversion to non-forest use, must not be held in trust by the United States on behalf of any Indian tribe, must not be tribal allotment lands, must be offered for sale by a willing seller, and if acquired by an eligible entity, must provide defined community benefits under CFP and allow public access.

DATES: Interested local government and nonprofit applicants must submit applications to the State Forester. Tribal applicants must submit applications to the appropriate Tribal government officials. All applications, either hardcopy or electronic, must be received by State Foresters or Tribal governments by January 16, 2015. State Foresters or Tribal government officials must forward applications to the Forest Service Region, Northeastern Area, or International Institute of Tropical Forestry by February 17, 2015.

ADDRESSES: All local government and qualified nonprofit organization applications must be submitted to the State Forester of the State where the property is located. All Tribal applications must be submitted to the equivalent Tribal government official. Applicants are encouraged to contact and work with the Forest Service Region, Northeastern Area, or International Institute of Tropical Forestry, and State Forester or equivalent Tribal government official in developing their proposal. The State Forester's contact information may be found at <http://www.fs.fed.us/spf/coop/programs/loa/cfp.shtml>. All applicants must also send an e-mail to communityforest@fs.fed.us to confirm an application has been submitted for funding consideration.

State Foresters and Tribal government officials shall submit applications, either electronic or hardcopy, to the appropriate Forest Service Regional/Area/Institute contact noted below.

Detailed information regarding what to include in the application, definitions of terms, eligibility, and necessary prerequisites for consideration can be found in the final program rule, published October 20, 2011 (76 FR 65121-65133), which is available at www.fs.fed.us/spf/coop/programs/loa/cfp.shtml and at www.grants.gov (Opportunity number CFP-FS-1002015).

Grant Application Requirements

1. Eligibility Information

a. *Eligible Applicants.* A local governmental entity, Indian Tribe (including Alaska Native Corporations), or a qualified nonprofit organization that is qualified to acquire and manage land (see 36 CFR 230.2). Individuals are not eligible to receive funds through this program.

b. *Cost Sharing (Matching Requirement)*. All applicants must demonstrate a 50 percent match of the total project cost. The match can include cash, in-kind services, or donations, which shall be from a non-Federal source. For additional information, please see 36 CFR 230.6, or the final rule at www.fs.fed.us/spf/coop/programs/loa/cfp.shtml.

c. *DUNS Number*. All applicants shall include a Data Universal Numbering System (DUNS) number in their application. For this requirement, the applicant is the entity that meets the eligibility criteria and has the legal authority to apply for and receive the grant. For assistance in obtaining a DUNS number at no cost, call the DUNS number request line 1-866-705-5711 or register on-line at <http://fedgov.dnb.com/webform>.

d. *System for Award Management*. All prospective awardees shall be registered in the System for Award Management prior to award, during performance, and through final payment of any grant resulting from this solicitation. Further information can be found at www.sam.gov. For assistance, contact Federal Service Desk 1-866-606-8220.

2. *Award Information*

The Administration proposed to fund the CFP at \$1.683 million for fiscal year 2015. Individual grant applications may not exceed \$400,000, which does not include technical assistance requests. The Federal Government's obligation under this program is contingent upon the availability of appropriated funds.

No legal liability on the part of the Government shall be incurred until funds are committed by the Grant Officer for this program to the applicant in writing. The initial grant period shall be for 2 years, and acquisition of lands should occur within that timeframe. Lands acquired prior to the grant award are not eligible for CFP funding. The grant may be reasonably extended by the Forest Service when necessary to accommodate unforeseen circumstances in the

land acquisition process. Written annual financial performance reports and semi-annual project performance reports shall be required and submitted to the appropriate Grant Officer.

Technical assistance funds, totaling not more than 10 percent of all funds, may be allocated to State Foresters and equivalent officials of the Indian tribe. Technical assistance, if provided, will be awarded at the time of the grant. Applicants shall work with the State Foresters and equivalent officials of the Indian tribe to determine technical assistance needs and include the technical assistance request in the project budget.

As funding allows, applications submitted through this request may be funded in future years, subject to the availability of funds and the continued feasibility and viability of the project.
